Objective

Dedicated IT Support Specialist with a background in Computer Science, proficient in troubleshooting, network management, and technical support. Possessing a strong foundation in web development with experience in handling backend systems, which enhances skills in managing servers and providing user support.

Technical Skills

- **System Administration:** Troubleshooting, network configuration, user support
- **Programming:** JavaScript, Java, React.js, Go
- **Web Development:** Node.js, Express.js, RESTful APIs
- **Database Management:** MongoDB (CRUD operations)
- **Development Tools:** Visual Studio Code, Git, Postman, Slack
- **Operating Systems:** Windows, Linux
- **Networking & Security:** TCP/IP, DNS, network security basics

---

Soft Skills

- **Communication**: Effectively articulate ideas and technical concepts to diverse audiences.
- **Teamwork**: Collaborate effectively in team environments, contributing to project goals and success.
- **Problem-Solving**: Analyze and resolve complex technical issues with innovative solutions.
- **Time Management**: Prioritize tasks and manage time efficiently to meet deadlines.
- **Adaptability**: Quickly learn and apply new technologies and methodologies.

Education

B. Tech in Computer Science and Engineering
Invertis University, Bareilly, Uttar Pradesh
Expected August 2025
Relevant Courses: Data Structures, Algorithms, Web Development, Database Management

---

Projects

1. AI-based Resume Builder

- Developed an AI-driven resume builder using Germini for customized resumes.
- **Technologies:** Node.js, Express.js, React, MongoDB, Germini API

- **Key Contributions:**
- Enhanced UI for a 50% reduction in editing time.
- Implemented AI algorithms, increasing user satisfaction by 30%.
- Developed a secure backend for data management.
- Led a team of 4 developers to deliver the project on time.

2. Food Recipe Web Application (PERN Stack)

- Built a recipe application with user account management and detailed recipe features.
- **Technologies**: PostgreSQL, Express.js, React, Node.js, CSS

Key Achievements:

- Designed user-friendly interfaces, enhancing user retention by 40%.
- Managed CRUD operations for hundreds of recipes.
- Optimized data retrieval, improving search functionality by 45%.
- Implemented secure authentication, reducing unauthorized access by 20%.

Certifications
- **TCS iON** Soft Skills Certification
- **Cisco** Computer Network Certification
- **Reliance Academy** Frontend Development Certification
